

A Major Boost For Your Business!

If you'd like your Virtual World Direct business to be given a BIG BOOST then it's essential you attend the 'Develop YOUR Business Meeting' at the De Vere Daresbury Park Hotel, Warrington, on Sunday, 26th September.

VWD co-founder Tom Brodie explained: 'We are constantly being asked by members how the top achievers are building their businesses. So we decided to bring together those achievers for one day to share their recipes for success with all members.'

'This is an event being put on by members for members. The emphasis will be on showing and demonstrating how your individual business, irrespective of whether you are a

newcomer or an experienced player, can progress and develop into a thriving enterprise with worldwide potential.

'Many members have already achieved outstanding success, which has significantly raised their standard of living and given them the ability and flexibility needed to be in control of their own destiny,' said Tom.

The possibilities are limitless and that assessment is based on more than two years of consistent VWD growth in an exciting, expanding global market.

Leaders will be giving members, during the training, the benefit of knowing how they succeeded, passing on different methods and techniques of promoting

and building a strong, progressive and vibrant business.

'Technology, particularly that which embraces the World Wide Web, is a vital part of our operation,' added Tom, 'and – being part of that environment – countless members promote their business on and off line to their families, friends, contacts and acquaintances. How they go about it will be revealed.'

One of the speakers, Neil Verlander, will explain how – earlier this year – he introduced 115 people to Virtual World Direct in seven weeks and won a £15,000 Mini Cooper - his reward for being the top recruiter.

NEW WEBSITE is Set to Make Big Impact

The launch shortly of VWD's enhanced and more advanced website will be a 'major step forward in attracting and increasing awareness worldwide of our expanding business,' says co-founder Tom Brodie.

'This will inevitably lead to more and more people realising the tremendous international potential of the e-Lottery system which embraces the growing appeal of the EuroMillions draw.

- Upgraded technology to keep pace with the latest advances.
- A more progressive approach to promoting the business.
- Additional links giving members extra promotional options.
- Faster download times.
- Home page dedicated to the advantages, value and importance of a home-based opportunity.
- Device to monitor and record website 'hits'.

- Regular updates on product developments and syndicate wins.
- Free draw sponsorship incentive.
- Stronger and more recognizable international image following the ongoing introduction of appropriate languages in different countries.
- User-friendly and, so, easier to access and to browse through pages loaded with practical information and also to view the informative e-Lottery movie.

Looking back over more than two years of VWD progress, Tom points out: 'Our websites have consistently attracted large numbers of people but they tended to click off before the sites had fully loaded.

'Sophisticated systems have broadened the way members can approach prospects with the intention of giving them an insight into how Virtual World Direct operates worldwide.

'They can send a link which guides them to entering their details before going on to

watch the e-Lottery movie. This process identifies those who are genuinely interested in what VWD has to offer and prompts members to be always available to provide help and support whenever needed.

JOIN NOW!

'The system focuses on the next UK Lotto and EuroMillions draws with jackpot updates, instead of what the last results were. We are a forward-looking organization, always alert to new ideas and ways of improving performance and increasing benefits.

'So,' emphasizes Tom, 'now's the time to join Virtual World Direct and the countless thousands worldwide already profiting from this highly successful, fast expanding and exciting business initiative.'

'Dream Car' Owner Yogesh Thanks VWD

UK Motoring enthusiast Yogesh Jethani (pictured above outside his home) is 'over the moon' after buying his 'dream car' with the help of Virtual World Direct.

'I've been a VWD member for more than a year, he points out, 'and, as well as being very financially rewarding, the business gives me the confidence of realizing that absolutely anything in life is possible.

'I now have a group of 600 people and that achievement has enabled me to buy my dream car and pay the mortgage on a brand new home.

'This is truly the most amazing opportunity to generate a passive income and play the UK National Lotto and EuroMillions the clever way.

I extend a big THANK YOU to VWD.

BIG BOOST FOR BUSINESS

TECHNOLOGY BREAKTHROUGH MEANS 'BETTER OPPORTUNITY'

The latest technology has been installed in VWD members' individual websites to significantly broaden their business potential.

A facility never before utilized in the network marketing industry enables them to download information or the new e-Lottery movie directly from their websites to their mobile phones.

'I believe this is the most powerful form of communication ever in networking,' said VWD co-founder Tom Brodie.

'This gives members the ability to show the power of the e-Lottery

System to anybody, anywhere, anytime.

'All you need is a mobile phone with video playback. The movie can be downloaded from the tools section of your website and also to your computer.

'The significance of this is you can organize a presentation in a hotel or café, using a laptop, and show the movie without being online.

'The bottom line is we are embracing the latest advances in technology to give our members a better opportunity.'

'MASSIVE SUCCESS' in SPAIN

Pictured left to right on the VWD exhibition stand are members Andy Moore, Samantha Brisley, Ray St.Clair, Tracy St.Clair and Ian Wilkie

One of Virtual World Direct's top recruiters, Spain-based Ray St.Clair, and his team reported 'massive success' at the renowned "This is Spain" exhibition in June.

They had the biggest and most impressive stand in a prime position at this popular event, which is held four times a year in the Alicante region where they live. Altogether, there were 253 exhibitors.

'Over the three days the exhibition attracted 14,500 visitors and we signed up new members and now have over 600 people to enter into our VWD prospectus,' explained Ray.

PROMOTE

'We firmly believe that the more you promote your VWD business, the more people will join.

'We attended the last show in April and had great success but were not really prepared as we booked at the last minute.

'This time we planned for the show months in advance and hired a professional company to design and build a stand for us with plenty of room for people to sit down and talk to us.'

GREAT INTEREST

After confirming that the VWD £1,000 free prize draw was still active, Ray arranged for 250,000 leaflets to be printed, inviting people to visit the stand and enter the draw. It proved a 'great way' to attract interest. After all, who doesn't want money for free?

'There was a great deal of interest from three newspapers that published

large articles with a photo,' added Ray.

'I have since been interviewed on the largest English radio station in Southern Spain.

'The impact of being featured in the local press and on the radio has been great with a rise in interest in the VWD system as a direct result — and one of the reporters has joined our business.

PLANNING

'The exhibition was a massive success for us as a team and we are now busy planning for the next one in October. We aim to give away a car to one lucky winner. The radio stations and newspapers are already queuing up to get the scoop!'

Important Information From VWD Admin

Personal Advertising & Promotion

VWD reminds all members that any websites, adverts/flyers or promotional material of any kind produced by members MUST first be APPROVED by VWD Admin before publication. The use of Camelot's Logos is **strictly forbidden** under any circumstances and would be an infringement of Camelot's copyrite. Such use could result in membership termination.

If you are experiencing problems logging on to your member's website

If you see 'Session Expired' after logging on to your member's website, this may be due to a Firewall/Anti Virus Programme running on your PC which could be preventing access to certain areas of your website. If this is the case, then you may be able to alter the settings within your Firewall Programme to allow full access.

Notes for Zone Alarm users

It may be that the settings in the privacy section in Zone Alarm (cookie control) should be reset to defaults. This will allow 3rd party cookies to be accepted. Access by opening Zone Alarm Pro Control Centre, privacy, cookie control and custom, then reset to defaults. This will also enable privacy alerts which can be turned off.

Clarification For PayPal Users

1. If a member decides to pay subscriptions via PayPal the amount will always be £20 per syndicate - paid every four weeks regardless of the commission earned.
2. Subscriptions are automatically paid to VWD by PayPal. VWD cannot request your funds from PayPal.
3. Winnings and commissions can be paid into PayPal even if subscriptions are not being paid by PayPal. To set up this facility simply enter your PayPal e-mail address by entering Members Details and scroll down to 'Commissions and Winnings.'
4. If there are no funds available in your PayPal account on the date that your subscription is due, PayPal will make up to three attempts to pay the subscription. If that fails PayPal will cancel the subscription completely. You will then have to contact admin to arrange a new subscription with PayPal or an alternative method of payment. If you have a credit/debit card linked to fund your PayPal account and it expires or becomes invalid then a subscription payment cannot be made.
5. When upgrading your membership to include the UK or EuroMillions draws and selecting PayPal as your payment option, a new subscription is automatically set up with PayPal. You then need to cancel the old subscription by going to the PayPal website .
